

School Learning & ICT Support

Partnership Concept Note

An education intervention covering school support, learning materials, scholarships and technology/innovation opportunities. The Foundation has publicly reported distribution of 5,000 writing materials to primary-school pupils in Modakeke.

Potential partnership areas

- Education
- Scholarships
- School materials
- ICT and innovation

Potential target groups / stakeholders

- Primary, secondary and tertiary learners
- Schools and education partners

Indicative partnership envelope

US\$50,000 — indicative only; final budget requires programme design, costing, due diligence and partner agreement.

Suggested partnership outputs

Defined activities • beneficiary targets • implementation timeline • safeguarding • monitoring and evaluation • financial controls • partner reporting • sustainability plan

Important: This is a partnership concept, not an audited budget or funding commitment. SOF should validate all figures, beneficiary numbers, implementation dates and compliance requirements before submission to any donor.
