

Youth Skills & Work-Readiness Accelerator

Partnership Concept Note

An intervention concept based on the Foundation's documented focus on vocational training and youth empowerment. The programme would connect training with tools, mentorship and pathways into work or enterprise.

Potential partnership areas

- Youth empowerment
- Vocational and digital skills
- Employability
- Entrepreneurship

Potential target groups / stakeholders

- Young people and vocational trainees in/around Modakeke and Osun State
- Skills providers and employers
- Potential technology and CSR partners

Indicative partnership envelope

US\$75,000 — indicative only; final budget requires programme design, costing, due diligence and partner agreement.

Suggested partnership outputs

Defined activities • beneficiary targets • implementation timeline • safeguarding • monitoring and evaluation • financial controls • partner reporting • sustainability plan

Important: This is a partnership concept, not an audited budget or funding commitment. SOF should validate all figures, beneficiary numbers, implementation dates and compliance requirements before submission to any donor.
